

DID YOU KNOW?

- The veterinary profession has been around for 250 years
- Vet 2011 is an international celebration of the veterinary profession aimed at raising public awareness of the work that vets do
- Vets are not only animal doctors, they also...
 - Help make sure our food is safe
 - Help stop animal diseases transferring to humans
 - Conduct research to solve clinical medicine problems
 - Help protect the environment
- The very first veterinary school was opened in Lyon France in 1761 by Claude Bourgelat
